

Chapter 7 Objectives and Assignments

- Identify where Central America is and what nations make up this area
 - Describe the landforms and climate found in Central America
 - Explain the economy of Central America
 - Discuss the people and history of Central American's countries
 - Identify and compare the islands of the Caribbean.
 - Describe the landforms and climates of the Caribbean islands.
 - Explain the economic activities of the islands.
 - Compare the cultures and history of the islands
1. This will be a group activity so we will first form groups.
 2. Each group will choose an objective and research to find the answer. You may choose to present your information in a variety of ways. (Movie Maker, PowerPoint, Glogster, Poster, Word Document, Notebook document)
 3. Members within each group will accept specific roles. Each of these roles will have well defined responsibilities. Once the role is accepted, each member will be held accountable for their roles.
 4. Once completed, each group will present their research while the other groups evaluate the presentation.
 5. Each group will be given an evaluation form. (forms will depend upon the type of presentation given)

The goal of each research presentation

- Provide a complete understanding of the assigned objective
- Use a variety of media including video clips, diagrams, PowerPoint/Notebook slides.
- Research presentation must include a complete understanding of the terms used to address the question
