

Chapter 9 Objectives and Assignments

- Locate Colombia on a map or globe and describe its landforms
 - Discuss Colombia's economy and the challenges it faces.
 - Describe Colombia's history and people
 - Describe the landforms and climates of Peru and Ecuador
 - Compare how the people of Peru and Ecuador earn a living
 - Discuss what the people of Peru and Ecuador are like
 - Identify where Bolivia and Chile are located.
 - Describe the landforms and climates found in Bolivia and Chile
 - Compare the economies and people of Bolivia and Chile
1. This will be a group activity so we will first form groups.
 2. Each group will choose an objective and research to find the answer. You may choose to present your information in a variety of ways. (Movie Maker, PowerPoint, Glogster, Poster, Word Document, Notebook document)
 3. Members within each group will accept specific roles. Each of these roles will have well defined responsibilities. Once the role is accepted, each member will be held accountable for their roles.
 4. Once completed, each group will present their research while the other groups evaluate the presentation.
 5. Each group will be given an evaluation form. (forms will depend upon the type of presentation given)

The goal of each research presentation

- Provide a complete understanding of the assigned objective
- Use a variety of media including video clips, diagrams, PowerPoint/Notebook slides.
- Research presentation must include a complete understanding of the terms used to address the question
