

## Sixth Grade Parent Letter

January 7, 2011

Dear Parents or Guardians:

Welcome back this year is passing quickly. May and MAP testing will be here before we know it. Thank you so very much for the wonderful Christmas gifts. I certainly got some very useful gifts this year. Thank you I truly appreciate everyone.

We are trying something new in Social Studies and Science this quarter. The students will take the objectives from each chapter and they will research and present their findings to the class instead of reading the chapter and taking a test. We will test over the chapters to make sure that we have covered everything that we need too. I hope that this inspires the students to reach further and comprehend more than they have ever tried. I want to make learning fun and enjoyable for them. I would appreciate your feed-back on what you are hearing from them at home and when you are able to view their final products.
